

CRISTIAN GLITCH

PRESSKIT

BIO

Cristian Glitch is a Colombian techno artist, mastering engineer, and founder of Parallel Thoughts Records. Active since 2009, he has built an internationally recognized career through a distinctive vision of underground techno, combining hypnotic grooves, industrial energy and atmospheric depth with technical precision. Throughout more than fifteen years of artistic development, Cristian has achieved consistent success on Beatport, with multiple Top 100 chart entries, including two releases that reached #2, while also reaching #10 in Beatport's Hard Techno Top Artists ranking, reflecting his commercial impact within one of the platform's most competitive genres.

His productions have been championed by internationally respected artists including Richie Hawtin, Amelie Lens, Charlotte de Witte, Klaudia Gawlas, Lilly Palmer and Rebekah, regularly finding their way into DJ sets at some of the world's leading electronic music festivals and venues, including Awakenings, EDC Las Vegas, Nature One, Ruhr-in-Love, Mayday Dortmund, Cologne Affenkäfig and many others, while also being featured on BBC Radio. A defining milestone in Cristian's career has been his official collaboration with German techno icon Klaudia Gawlas, resulting in joint releases on Illusion Recordings. Alongside this achievement, his music continues to receive regular support from Lily Palmer, further strengthening his international presence within today's techno scene.

His discography includes releases on respected labels such as Illusion Recordings and Spannung Records, while his own imprint, Parallel Thoughts Records, has become one of Colombia's longest-running underground techno labels. With more than 218 releases, the label has evolved into an internationally respected platform supporting artists from around the world while remaining committed to artistic quality and underground authenticity. Alongside his work as an artist, Cristian has established himself as a mastering engineer and mentor, helping producers worldwide refine their productions through professional mastering, production coaching and release strategy, drawing on years of experience in the international techno industry. His contribution to electronic music has been recognized with the CDA Award for Best Techno DJ & Producer in Colombia, reflecting a career defined by consistency, technical excellence and a lasting commitment to the global underground techno movement.

Today, Cristian Glitch continues to expand his international presence through new releases, official collaborations, mastering projects and the ongoing growth of Parallel Thoughts Records, always driven by innovation, authenticity and uncompromising artistic standards.
